Can You Find Happiness

Can You Find Happiness

Bettina Rheims, photographe de La Femme, nous montre la d'aujourd'hui, la femme moderne dans un monde capitaliste, celle qui consomme (ou se fait consommer), qui se maquille, se fait opÃ©rer pour Ãªtre (femme ou) plus belle femme, et qui s'Ã©duit (ou domine les hommes avec son uniforme de policier).

A Best of Euros! survey of the most soughtafter French nude and portrait photographer who makes the female body the central focus of her work. Featuring highly praised and fiercely disputed series such as "Chambre close" (women posing for an imaginary voyeur) ; KIM (a documentary on a transsexual) ; I.N.R.I. (a sequence on the life of Christ) ; women in modern Shanghai, and, most recently, "HÃ©roÃ¯nes".
